Niveus Solutions

Technical Intern

Nov 2023 – present

Mangalore, Karnataka

- As a Technical Intern in Niveus Solutions, contributing to the Application Modernization team.
- Working on a Next.js, PostgreSQL, and Express project for an internal Niveus project.
- Actively engaging in the exploration of DevOps and Google Cloud Services to broaden expertise.

The Startuppreneur

Full Stack Developer Intern

Sep 2022 – Jan 2023

Remote

- Actively engaging in project meetings to address challenges and refine teamwork and coordination skills.
- Utilized collaboration tools like Notion, Slack, Figma to improve efficiency and team communication.
- Developed user-friendly e-commerce UIs, gaining hands-on experience and expanding skills in web development.

Projects

Sankalp | *Next.js, TypeScript, TailwindCSS*

October 2023

- Engineered the frontend for Sankalp, successfully facilitating registration for 1100+ students in an event by SOSC.
- User registration, dashboard, and event enrollment, ensuring a seamless and comprehensive user experience.
- Implemented an admin panel for user management and registration monitoring, enhancing organizational efficiency.

Tiles | *Next.js, TypeScript, Express.js, MongoDB, Sockets*

September 2023

- Developed a real-time collaboration platform, enabling users to interact on a shared canvas.
- Implemented a secure user authentication system for seamless access, including guest login functionality.
- Minimalistic user interface, elevating user experience with a diverse color palette and real-time collaborative updates.

Rudraksh | *Next.js, TailwindCSS, APIs*

October 2020

- Developed frontend for a web platform for farmers to identify plant diseases, enhancing crop health management.
- Integrated API, utilizing machine learning for disease detection, treatment recommendations, and prevention measures.

Technical Skills

Languages: C, HTML, CSS, JavaScript, TypeScript

Developer Tools: VS Code, Git, Postman, Google Cloud Platform

Technologies/Frameworks: React.js, Next.js, Express.js, MongoDB, TailwindCSS, Linux

Organizations

President - Sahyadri Open Source Community

Jun 2023 – present

- President of Sahyadri Open Source Community, overseeing a diverse team of 24 members.
- Dedicated to enhancing technical and leadership skills within the community, and promoting open-source technologies.
